

2020 RABIES VACCINATION CLINICS

Belmont County Health Department

<http://www.BelmontCountyHealth.com>

Rabies vaccination clinics sponsored by the Belmont County Health Department and local veterinarians will be held on the dates listed below. Dogs and Cats must be three (3) months of age or older to be vaccinated.

COST FOR EACH PET VACCINATED IS \$10.00 CASH ONLY

Regardless of the age of the animal at initial vaccination, a booster should be administered 1 year later, otherwise a booster should be given every three years. Because more rabies cases are reported annually involving cats than dogs, vaccination of cats is recommended.

For further information call the Belmont County Health Department at 740-695-1202 or the following Veterinarians:

Dr. Digonno 740-699-0080

Dr. Wood 740-609-5956

Dr. Stephen 740-425-2218
