**SANITARY CODE
OF THE
BELMONT COUNTY GENERAL HEALTH DISTRICT**

The Board of Health of the Belmont County General Health District hereby adopts this and the following regulations and together with such additions and amendments as may hereafter be adopted declares that these shall be the Sanitary Code of Belmont County General Health District.

The Board of Health of the Belmont County General Health District hereby repeals all existing regulations in conflict with this regulation and to the extent of such conflict only. This repeal shall become effective upon the date the Sanitary Code of the Belmont County General Health District above designated shall become effective.

The effective date of the Sanitary Code shall be ten days after the first publication according to the Statute governing same. This date shall be placed in these regulations when said date is established.

The effective date of this Sanitary Code is January 1, 1968.

REGULATION 1: DEFINITIONS

Board of Health means the legally authorized Board of Health of the Belmont County General Health District.

Health Commissioner means the legally designated health commissioner of the Belmont County General Health District or his authorized representative.

Dwelling means any building or place used or intended to be used by human occupants as a single family, two families, or three family residences.

Establishment means any building or place used or intended to be used for the purpose of a commercial enterprise, a building or place used or intended to be used for public gatherings, or a dwelling used or intended to be used by human occupants as a family residence by four or more families.

Grout means a slurry of fire clay and water, a thin mixture of cement, clay or other impervious material capable of preventing the movement of contaminants.

Garbage means the wastes of a putrescible nature produced in any dwelling or establishment which is not disposed of through an individual or public agency sewage disposal system

Incineration means destruction by a hot fire in a furnace or stove of proper design and construction and suited for the burning of a combustible waste with provisions to avoid escape of offensive odors and waste liquids and in a manner acceptable to the health commissioner.

Individual Sewage Disposal System means all equipment and devices necessary for the conduction, collection, storage, treatment, and disposal of sewage from a dwelling or establishment other than sewage conducted, collected, stored, treated, and disposed of by a public agency

Installer means any person for hire that constructs, installs, alters, or extends a water supply, a water supply system, an individual sewage disposal system, or any parts thereof.

Mass Gathering Operator: The person responsible for managing the mass gathering. In the event that no manager exists, the owner, or the lessee of the ground encompassing the mass gathering area, shall be deemed to be the "operator" under these regulations.

Nuisance means an offense to the sight, taste, or smell which may become injurious to the public health or create a harborage for rats and vermin.

Order means a decree by the Board of Health to cease, desist, repair, remove, destroy, clean, or otherwise correct a condition or place which may be harmful to the public health. An order of an agent of the Board of Health constitutes an order of the Board of Health.

Person means any individual, partnership, association, syndicate, company, firm, trust, corporation, department, bureau, agency, or any other entity recognized by law.

Public Agency means a sanitary district duly authorized by law.

Public Swimming Pool means a bathing place of artificial or partly artificial and partly natural construction located either indoors or outdoors and provided with controlled water supply, where the water is sufficiently deep for complete immersion of the body and used collectively by numbers of persons for swimming or recreative bathing, together with surrounding area, buildings, equipment and appurtenances pertaining to such bathing place but shall not include a bathing accessory to a dwelling which is intended only for the use of residents and their guests.

Refuse means combustible and noncombustible waste materials from a dwelling or establishment, except garbage and shall include the residues of combustibles, cans, metals, plastics, mineral matter, glass, dust, and such other materials as may supply rodent harborage or be otherwise injurious to the public health.

Sewage means any liquid waste containing animal or vegetable matter in suspension or solution, and may include liquids containing chemicals in solution from water closets, urinals, lavatories, bath tubs, laundry tubs or devices, floor drains, drinking fountains, and other sanitary fixtures.

Sewage Tank means any watertight receptacle designed to receive and retain sewage for a sufficient period of time for satisfactory decomposition and includes septic tanks, aeration tanks, and privy vaults. Design and construction of sewage tanks must conform to the most current recommendation of the Engineering Division of the Ohio Department of Health.

Scavenger means any person that collects, transports, removes, or disposes of garbage and refuse or the contents of any part of an individual sewage disposal system but does not include a person directly employed by a public agency in the normal course of his duties or a person removing garbage or refuse from his own dwelling or establishment.

Sanitary Landfill means a method of disposal of garbage and refuse by burying in a manner acceptable to the health commissioner.

Temporary Mass Gathering: An actual or reasonably anticipated assembly of 200 or more people, which continues or can reasonably be, expected to continue for 6 or more hours. This definition does not apply to stadiums, athletic fields, arenas, banquet/reception halls and government sponsored fairgrounds.

Water Supply means a well, spring, cistern, pond, or other water supply source other than a public agency supply used or intended to be used by the occupants of a dwelling or establishment for human consumption, culinary, or washing purposes.

Water Supply System means all equipment or devices necessary for the purpose of collection, storage, conduction, and dispensing of water from a water supply.

Water Hauler means a person who transports, by means of any truck, tank, or other container, water used or intended to be used as a water supply from one location to another.

All adjectives and adverbs such as adequate, approved, effective, reasonable, safe, extensively, properly, satisfactory, sufficient, suitable, or complete shall be as determined by the Board of Health.

REGULATION 2: AUTHORIZATION TO INSPECT AND LICENSE

The Health Commissioner or his authorized representative is hereby authorized and directed to make inspections and investigations and to approve before installation all water supplies, water supply systems, sewage disposal devices and individual sewage disposal systems; to inspect and approve garbage and refuse hauler and scavenger vehicles;

The health commissioner or his agents shall be permitted to enter upon any premises at all reasonable hours and in an emergency at any time for the purpose of ascertaining the extent of compliance with all provisions of the Sanitary Code.

REGULATION 3: PERMITS, REGISTRATIONS, LICENSES, AND/OR INSPECTIONS

Section 1 Requirements

- 3-1.01 No person or their agents shall install, extensively alter, or abandon a water supply, install, extensively alter, or abandon a water supply system; perform as a water hauler; install, extensively alter or extend an individual sewage disposal system; perform as a scavenger, or operate a public swimming pool within the jurisdiction of the Belmont County General Health District until an application is filed with the Health Commissioner accompanied by a location and construction plan, an operation plan, or other pertinent information required by said health commissioner has been submitted in writing and signed by the person or their agent applying and a permit, registration, license and/or inspection for same has been issued by the Board of Health.
- 3-1.02 The health commissioner shall deny a permit/registration/license/inspection if the application does not contain sufficient information, or if the information and field inspection show that the provisions of these regulations cannot be met.
- 3-1.03 The health commissioner is further directed to establish a system of permits/registrations/ licenses and inspection requirements and to establish a schedule of fees to regulate an orderly development of a healthful environment and to control and abate public nuisances and other conditions which may become harmful or injurious to the health of the community.

Section 2 Application

- 3-2.01 An application for a permit/registration/license/inspection as required in these regulations shall be legibly written, printed, or typewritten and shall show a location and construction plan, an operating plan, or other pertinent information as may be necessary for an appraisal of the construction, alteration, repair, or other service that is to be undertaken.

- 3-2.02 A permit/registration/license shall be obtained for each separate piece of extensive work.
- 3-2.03 A permit for construction, alteration, or repair shall remain valid for a period of one year from time of issue. If the work for which the permit was issued is not complete within one year from the date of issue a new permit must be obtained.
- 3-2.04 Operating permits for water haulers, well drillers and installers, sewage equipment contractors and installers, swimming pools, shall expire according to current Ohio Revised Code/Ohio Administrative Code. Scavengers, garbage and refuse hauler's vehicle inspection stickers shall expire on December 31st of each year.
- 3-2.05 (A)The health commissioner shall act upon each application for a permit without delay but in every case, action shall be within 30 days from the date of receipt of the application.
- 3-2.05 (B)Garbage, refuse haulers, and scavengers shall complete a vehicle inspection application and have vehicles inspected annually. Vehicle inspection applications and fees are due by January 1st of each year. Inspections will be done by appointments.
- 3-2.06 Each application shall be accompanied by an appropriate fee as established in Regulation 4.

Section 3 Revocation and Suspension Denial

- 3-3.01 The Board of Health may through their duly authorized agent, the Health Commissioner, suspend or revoke or deny any permit for failure to comply with the requirements set forth by these regulations.

REGULATION 4: FEES

For the purpose of defraying the expenses of administration and inspections incident to these regulations a schedule of fees is established as herein after provided.

SEE CURRENT FEE SCHEDULE

4-A REVOCATION OF LICENSES OR PERMITS

Any licenses or permits as issued by the District Board of Health may be revoked or suspended for any of the following reasons:

1. Failure to comply with the Sanitary Code of the Belmont County General Health District.
2. Failure to comply with any regulations enacted by the Belmont County Board of Commissioners, relating to, or regarding the collection or disposal of garbage and refuse.
3. Non-compliance with any of the regulations concerning the control, operation, or maintenance of any vehicles used for the purpose of collecting and disposing garbage and refuse.
4. Non-compliance with any State, Federal, or County statute or Regulation, or regulations of any subordinate Department concerning the regulation or control of disposing of Solid Waste.

4-B STANDARDS FOR COLLECTION VEHICLES

All vehicles used for the collection and transportation of solid waste, unless all solid waste is kept in water-tight, covered containers shall have enclosed bodies or suitable provisions like a tarp for covering the body of the vehicle during transport. All vehicles shall be cleaned at sufficient frequency to prevent odor, nuisance or insect breeding, and shall be maintained in good repair. Vehicles shall be identified with name and phone number of the company; a fire extinguisher shall be available. Each vehicle registered and inspected by the Belmont County Health Department must have proper sticker affixed to window issued to them by the Belmont County Health Department.

Any person making application for an inspection sticker to collect solid waste shall present his equipment for inspection by the Health Commissioner of Belmont County, or his authorized representative, to determine if the applicant is in compliance with this Section of the Regulations.

Any person making application for garbage/refuse hauler sticker under these Regulations to collect solid waste shall have equipment satisfactory to clean all vehicles or containers used in the conduct of his business, which cleaning shall include the disinfecting of same.

REGULATION 5: WATER

SEE STATE REGULATIONS

REGULATION 6: SEWAGE

SEE STATE REGULATIONS

REGULATION 7: GARBAGE AND REFUSE

Section 1 Disposal of Garbage and Refuse

- 7-1.01 No person shall place or deposit garbage or refuse in or upon any street, road, alley, open excavation, ditch, abandoned well or cistern, stream or body of water, or on the surface of the ground or upon the premises of another person in any manner not approved by the Health Commissioner.
- 7-1.02 The garbage or refuse collected in a general system of collection by contract hauler or by private hauler shall be disposed of in an approved sanitary landfill or at an approved transfer station

Whenever a general system of collection and disposal is not maintained such waste from a dwelling shall be transported to either an approved sanitary landfill or approved incinerator

This regulation shall not be construed to mean a prohibition of the use of an approved mechanical garbage grinding device directly connected to any approved individual sewage disposal system or to a public sanitary sewage system with the approval of the sewage authority.

Code Section A: All persons or head of households shall be responsible for the final disposition of their solid waste materials. (December 8, 1986)

Section 2 Importation of Garbage and Refuse Prohibited

The person or firm importing garbage or refuse by authority of an approved contract shall be subject to an application for approval and permit as required in Regulation 3.

Section 3 Storage of Garbage and Refuse

- 7-3.01 Garbage and refuse may be temporarily stored on the premises of a dwelling or establishment for a period not to exceed seven (7) days. Said storage shall be in watertight containers with tight fitting lids approved by the Health Commissioner, and shall be on a raised platform with a crawl space of not less than six (6) inches to prevent rat harborage. The area adjacent to the storage area shall be kept neat and clean at all times. The regulation shall not be construed as to mean a prohibition of refrigerated garbage storage nor shall it mean a prohibition of the use of a screened fly-tight building.

Section 4

Amend the Regulations throughout to add the term, SOLID WASTE, to each and

every place where the terms GARBAGE AND REFUSE are used, as defined in Section 3734, of the Revised Code of the State of Ohio.

REGULATION 8: OPERATION OF PUBLIC SWIMMING POOLS

SEE STATE REGULATIONS

REGULATION 9: NUISANCES

Section 1 Prohibitions

- 9-1.01 No person shall cause or permit to be caused a nuisance as defined in Section 3767.13 Ohio Revised Code, within the jurisdiction of the Board of Health of the Belmont County General Health District.

Section 2 Notification of Public Nuisance

- 9-2.01 Where a public nuisance is found to exist in any building or upon any ground or premises within the Belmont County General Health District, notice in writing shall be given by the Health Commissioner or his agent to the owner or occupant of such building or premises to abate such nuisance. The time given for compliance with the order shall be specified in the notice.

Section 3 Procedure on Failure to Comply

- 9-3.01 In the case of neglect or refusal to abate a nuisance after due notification and Order for abatement the Health Commissioner shall cause said owner or occupant to be prosecuted as provided by law.

REGULATION 10: PENALTIES

- 10-1 Any person who violates any provision of these regulations shall be subject to the penalties provided for in Section 3709.99 of the OHIO REVISED CODE.
- 10-2 The Board of Health may grant a hearing to a person and authorize, in specific cases, such variance from the requirements of these regulations as will not be contrary to the public interest, where the person shows that because of practical difficulties or other special conditions, their application will cause unusual and unnecessary hardship. However, no variance shall be granted that will defeat the spirit and general intent of these regulations or otherwise not be in the public interest.

REGULATION 11: EFFECT OF PARTIAL INVALIDITY

- 11-1 Should any part of these regulations be declared unconstitutional for any reason; the remainder of these regulations shall not be affected thereby.

REGULATION 12: MASS GATHERING EVENT

A regulation controlling a mass gathering, its environmental control, set fees, and protect the public.

A regulation establishing standards for the location, operation and maintenance of temporary mass gatherings; and for the issuance of permits to hold a temporary mass gathering in order to protect the public health, safety and welfare and to prevent insanitary conditions and nuisances; hereinafter known as Regulation 12 of the Belmont County Health Department Sanitary Code

"Be it ordained by the Board of Health of the Belmont County Department District State of Ohio as Follows:"

Section 1. Definitions (as used in this regulation)

1.1 Board of Health means the board of health of the Belmont County Health Department.

1.2 Health commissioner means the person occupying the office created by Section 3709.11 - 3709.14 of the Revised Code, or their authorized representative.

1.3 Temporary Mass Gathering means an assembly of Two Hundred (200) or more people for a limited time which is not sponsored by the state or any of its political subdivisions nor any agency of either and which continues for six (6) hours or more in a place which is not designed and constructed for such type assembly and is not a licensed Campground or Manufactured Home Park as defined in the Ohio Administrative Code and is not a motel or hotel as defined in Section 3731.01 of the Revised Code.

1.4 Person means an individual, partnership, association, syndicate, company, firm, trust, corporation, or any other legal entity.

Section 2. Permit

2.1 No person shall operate a temporary mass gathering unless a permit has been issued for the gathering by the Board of Health.

2.2 Application for a permit to operate a temporary mass gathering shall be made to the Health Commissioner, by the person who will operate the temporary mass gathering on a form and in a manner prescribed by the Health Commissioner. Application for a permit to operate a temporary mass gathering shall be applied for at least thirty (30) days before the first day of the gathering. The application shall be accompanied by such plans, reports and specifications as

the Health Commissioner shall deem necessary.

2.3 A separate permit shall be required for each temporary mass gathering.

2.4 The permit to operate a temporary mass gathering shall be revoked by the Board of Health if the temporary mass gathering is promoted, operated, maintained or conducted in violation of this temporary mass gathering regulation. The permit shall automatically expire upon written request of the permittee, upon abandonment of the promotion of the temporary mass gathering or upon conclusion of the time period for which the permit was issued.

2.5 A permit issued for the operation of a temporary mass gathering shall be posted or kept on file and made available by the operator at the request of proper officials.

2.6 Fee for each permit shall be established by the Board of Health.
Fee for permit - \$300 for profit and \$50 for not for profit

Section 3. Plan Approval

3.1 The provision of Rule 3701-21-03 of the Ohio Administrative Code relating to the submission of plans and specifications for proposed food service operations shall apply to temporary mass gatherings. In addition, the plans and specifications shall clearly show and describe:

- a.** The total area to be used for the temporary mass gathering;
- b.** Entrance, exit and interior roadways;
- c.** Method and plan for drainage of surface and storm water;
- d.** Location and design of service buildings;
- e.** Location, number, design and type of toilet facilities, plumbing fixtures, waste water receptacles, and disposal devices;
- f.** Solid waste storage and collection facilities;
- g.** Insect, rodent, and noxious weed control facilities;
- h.** Medical and first-aid facilities;

- i. Police and fire protection facilities;
- j. Other facilities that may be needed for the protection of health and safety.

Section 4. Site

4.1 A temporary mass gathering shall not be located where surface water drainage is inadequate or impracticable.

4.2 A temporary mass gathering shall not be located where satisfactory disposal of sewage cannot be provided.

4.3 The grounds shall be maintained in a clean and reasonably dry condition.

4.4 Adequate signs shall be used to locate and identify all facilities.

Section 5. Water Supply

5.1 The water supply shall be designed, constructed, operated, and maintained in accordance with the requirements of the Ohio Environmental Protection Agency.

5.2 Plans for proposed new or modified water supplies shall be submitted to and approved by the Ohio Environmental Protection Agency.

5.3 The water supply shall be of potable quality.

5.4 If water is hauled to the temporary mass gathering it shall be from an approved source, hauled in properly constructed and operated equipment, and dispensed in an approved manner.

5.5 There shall be no cross connections between potable and non-potable supplies.

5.6 The water distribution system shall be protected against back flow at all points.

5.7 All water storage tanks shall have watertight covers and be protected at all times against entrance of insects or foreign or contaminating material.

5.8 All pumps, tanks, filters, softeners, appliances, and devices shall be so installed as to protect the water supply from contamination.

5.9 Chemicals or materials added to the water supply or brought in contact therewith shall be harmless to humans.

5.10 Common drinking cups shall not be permitted. Any drinking fountain shall be of approved sanitary design and construction.

5.11 Any interruption in treatment of a drinking water supply shall be reported immediately to the Health Commissioner. No change in the source nor in the method of treatment of a drinking water supply shall be made without the approval of the Ohio Environmental Protection Agency.

Section 6. Liquid Waste Disposal

6.1 Sewage disposal systems shall be designed, constructed, operated, and maintained in accordance with the requirements prescribed by the Ohio Environmental Protection Agency.

6.2 Plans for proposed new or modified facilities for the satisfactory disposal or treatment of sewage shall be submitted to and approved by the Ohio Environmental Protection Agency.

6.3 Sewage facilities shall be constructed and be operational at least 48 hours before the first day of the temporary mass gathering.

6.4 Suitable drains and watertight receptacles shall be provided for receiving liquid wastes other than body excreta. Liquid wastes shall not be discharged to or allowed to accumulate on the ground surface.

Section 7. Toilet Facilities

7.1 Toilet facilities including privies shall be constructed, located, and maintained so as to prevent any nuisance or public health hazard.

7.2 Water closets or privy seats for each sex shall be in the ratio of approved in Ohio Administrative Code Rule 3701-26-05 (E)(1)(2(a)).

7.3 Toilet facilities shall be so located as to be conveniently available.

7.4 Privy contents shall be emptied and disposed of in a sanitary manner.

7.5 The toilet facilities shall be maintained in a clean and sanitary condition and an adequate supply of toilet tissue shall be readily available at all times.

Section 8. Housing

8.1 A building or structure used for housing at a temporary mass gathering shall be structurally safe, adequate in size for its use, easy to keep clean and shall have weather tight roof and sides, except that a structure such as a lean-to, occupied by people, shall be so constructed and maintained as to exclude rain from the portions of the structure used as shelter.

8.2 A separate overnight camping area or areas, clearly marked, shall be provided for each temporary mass gathering. The camp shall be in compliance with Sections 3701-25-01 to 3701-25-541, of the Ohio Administrative Code.

8.3 Housing facilities shall be maintained in a clean, sanitary condition at all times.

Section 9. Electrical and Lighting

9.1 The site and all common use facilities shall be provided with adequate light to illuminate the entire area at all times.

9.2 All wiring and lighting fixtures shall be installed and maintained in a safe condition.

9.3 All lighting shall be controlled so as not to reflect on any area beyond the boundary of said site.

Section 10. Handwashing

10.1 Suitable and adequate handwashing facilities shall be provided and shall be convenient to the toilets, privies, and food handling facilities.

10.2 Handwashing facilities shall be provided in the ratio of not less than one such unit per two hundred (200) persons.

10.3 The facilities shall be maintained in a clean condition at all times.

Section 11. Food Service

11.1 Food service operations shall be in compliance with Chapter 3732. of the Ohio Revised Code and the Rules adopted thereunder.

Section 12. Solid Waste

12.1 Adequate and sanitary facilities shall be provided and maintained for the storage and collection of solid waste.

12.2 Sanitary methods shall be used for the collection, temporary storage, and the handling of solid waste.

12.3 Solid waste containers shall be emptied as often as necessary.

Section 13. Vector Control

13.1 Effective measures shall be taken to control insects and rodents.

13.2 If the adult mosquito population is a problem, steps shall be taken to ensure that proper mosquito control measures are instituted no earlier than 72 hours nor later than 48 hours before the advertised start of the gathering in order to reduce the mosquito population to a satisfactory level.

Section 14. Safety

14.1 The operator shall comply with applicable local and/or state fire safety standards.

Section 15. Operator's Responsibility

15.1 The operator shall be responsible for the maintenance of the site and facilities. He shall provide responsible supervision of the maintenance and sanitary conditions of the site and facilities. He shall abate all nuisance or insanitary conditions at the site.

15.2 When the site and facilities are vacated or abandoned, the owner or operator shall place the site and facilities in a clean and sanitary condition within 48 hours after the event.

Section 16. Parking and Traffic Control

16.1 Parking facilities, off public roadways, shall be provided to fully serve all reasonably anticipated requirements at a rate of no more than one hundred (100) passenger cars per usable acre or eighty (80) buses per usable acre.

Section 17. Roadways

17.1 A temporary gathering site shall be provided with a network of interior roads which are kept clear at all times for service and emergency vehicles, and the site shall be serviced by access roads which will permit an adequate flow of traffic and ensure the free passage of emergency vehicles.

17.2 All road surfaces shall be passable and maintained in a reasonably dust free condition at all times.

Section 18. Noise

18.1 Mass Gathering noise must end by 11:00 p.m. on weekdays and 12:00 a.m. on weekends, except when deemed a nuisance by law enforcement.

Section 19. Authorization to Inspect

19.1 The Health Commissioner or his authorized representative is authorized and directed to make inspections and investigations of all mass gatherings to determine compliance with this regulation.

Section 20. Penalties

20.1 Any person who violates any provision of this regulation is subject to the penalties provided by Section 3709.99 of the Revised Code.

Section 21. Effect of Partial Invalidity

21.1 Should any part of this regulation be declared unconstitutional for any reason; the remainder of the regulation shall not be affected thereby.

Section 22. Signoffs

22.1 The plans for the mass gathering shall be signed off and be approved by the appropriate agencies, before the mass gathering permit can be issued.
